## THE ANGEL THAT CAME TO EARTH

Thank you, Lord, for the angel sent to be a daughter, sister, wife, mother, grandma, great-grandma and friend to all that knew her, unselfishly giving her love to all around her.

Her calling here on Earth was to care for others, whether family or friends, always sacrificing her time to be there for someone else.

Even in her last days in the Masonic Home as a member of the Silver Angels, she was always watching out for someone else.

She was blessed with 89 plus years of life, enjoying every minute of time spent with family and friends.

The Lord called the angel Dorothy home and all that knew her have truly been blessed.

Thank you, Lord.
